DODGE COUNTY

STATS:

Wisconsin Economic Development Institute reported the following:

- 58% of employers report that lack of access to quality child care contributed to employees reducing their hours, difficulty in hiring new employees, and employees using more leave.
- 52% of parents in Dodge County reported a difficult time finding child care in their area.
- 74% of Dodge County parents missed work due to lack of child care.

As businesses join our Dodge County community, our child care crisis continues to grow. Our community must provide solutions to families facing this critical problem.

EXPANDING POSSIBILITIES: YOUR Y, OUR FUTURE

- The demand for quality child care continues to grow. Expansion addresses our local child care crisis.
- The Y's growth in membership and programs has escalated the demand for gym time:

Pickleball – Fastest growing sport in America

Growing DC Basketball League (5-12 Year Olds) – Over 200 participants

Summer Day Camp – Inclement weather impact

General Membership – Open gym time, fitness classes, etc.

Child Care – Preschool & YKids (School's Day Out)

Abounding Growth Wall-to-Wall

The YMCA's 2025 performance in membership and program participation has surpassed its year-to-date (August) 2024 performance by double-digit percentages.

AN OPPORTUNITY FOR MORE

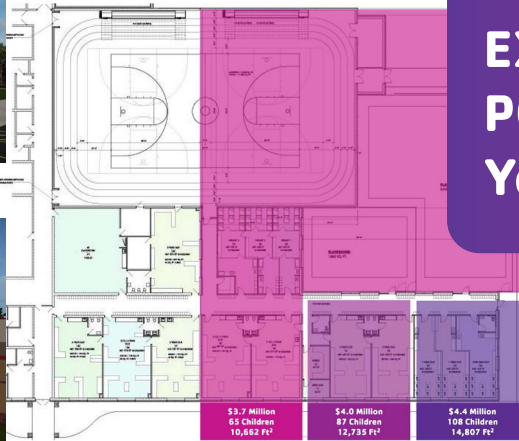

To ensure our Y is serving the next generation, we need purposefully designed spaces to offer the types of programs and services children need. Our facility is the tool that helps us deliver on our mission. With a community need and limited space, we know we must do more.

We're reaching out to the community to support our Child Development Center and Gym Expansion Campaign. This project will help us positively impact future generations and the more than 60,000 people we serve each year.

Your support of this project will allow our Y to grow with the needs of the communities we serve, enhance our programming, and provide a healthy environment for all to thrive.

You can help make this happen.
