

Counselor in Training Program

Youth Leadership Program for Youth
Completed 5th grade-15 years
June 6 - August 12

Spend your summer working with youth in our community.

- Counselors in Training (CIT) is a summer program for youth and teens that builds them to be a positive role model and future leader in the community. Participants will develop leadership skills by leading activities for younger campers and engaging in a variety of community service projects throughout the summer.
- Program requirements: Participants must complete an application, submit one letter of recommendation and complete an interview with staff before acceptance into this program. At any time, staff may decide a participant needs to return to Camp Exploration if the CIT program becomes too challenging for them.
- Applications are due by May 2, 2022
